

# EYE OMEGA ADVANTAGE®

## Protect Your Eyes & Support Your Vision

now includes  
Vitamin D-3

Lutein • Zeaxanthin • Omega-3 Essential Fatty Acids

- *EPA anti-inflammatory to avoid ocular surface damage from dry eye syndrome, Eczematous Blepharitis, Posterior Blepharitis, and MGD*
- *DHA and CAROTENOIDS to preserve the macula and inhibit Neovascular ARMD*

Carotenoids--lutein and zeaxanthin--help protect the macular region of the eye from harmful forms of light that can cause photo-oxidative damage to the eyes, resulting in macular degeneration. As proven in recent medical studies, EPA and DHA are important nutrients for eye health. EPA is essential for dealing with ocular surface disease; DHA is beneficial in managing macular degeneration and retinal disorders.

*Eye Omega Advantage*® is custom formulated with these critical nutrients, consistent with the AREDS II protocol, to provide support in preserving the macular pigment essential to healthy vision and most importantly, help avoid conversion from Dry ARMD to Neovascular (wet) ARMD.

### *Eye Omega Advantage*®

- Natural Triglyceride Form for Maximum Absorption
- Highly Purified and Concentrated
- Molecularly Distilled in a Pharmaceutically Licensed Facility
- Independent Laboratory Tested -- Contaminant Free!

Live Smarter, Better, Longer.
